

Board with 4 HIGH SENSITIVE RELAY ready for your project 12V

Description :

There are 4 relays each capable of switching 12VDC/1A or 125VAC/0.5A. Each relay has an LED to indicate when it is operated.

Specifications :

Relays has Normally Open (NO) and Normally Closed (NC) Contacts rated for voltages:

1A/12VDC
1A/24VDC
1A/30VDC
0.5A/125VAC

The required power is 12V DC / minimum 200 mA.

Relay's datasheed :

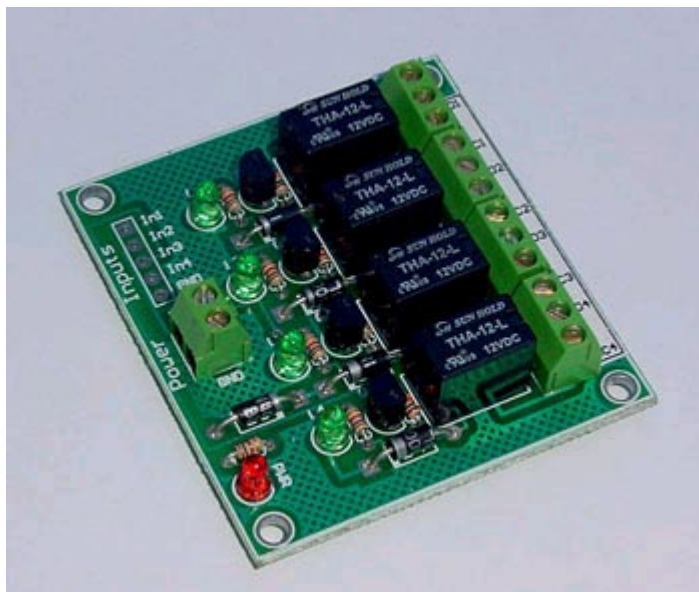

<http://www.sigma-shop.com/information/Relay/THA.pdf>

Supply :

12 Volts / min 200mA.

Dimensions :

50 mm / 55 mm / 15 mm
